In this project making, I understand that the safety is very important. So that, in every action, I am responsible for my own safety as well as the other. Therefore,

I WILL:

- Always act responsibly
- Avoid unnecessary action that might result into risks.
- Follow the management's rules and regulations.
- Wear the required proper working clothes (PPE)
- Quickly notify the safety department in any emergencies.
- Keep the workplace clean
- Handle the aircraft carefully, using the right tools and equipment.

I KNOW:

- Where the fire extinguisher is located and how to use it.
- That chemicals are involved in this project, so that, I should ask for guidance.
- Who to contact in times of emergency

I am _____ and I've read all the safety rules and I agree to follow them. With due respect, I agree to abide by the rules and any additional written or verbal instructions given by the management of safety departm

List of Violation:

- The students neglected to wear complete and proper personal protective equipment.
- Students arrive late without a valid excuse.
- The students absentees' has no valid excuse.
- Students who will act on their own without using any manual/Task card.
- Students who use tools and equipment inappropriately.
- Students are forbidden from entering areas that they are not allowed to.
- Students left the field without permit.
